

**We can't wait to welcome students to our new services in Dawlish College.**

**At Innovate, we want to show you what we've been cooking up behind the scenes to really take your school food to the next level in 2021!**

After an unsettling year in 2020/21 a catering refresh should help to lift the spirits with a host of new flavours. We will embark on a full training package for the on site team during the Easter holidays and there will be various changes to the services flowing in over the summer term

We always aim, along with the School, to provide exceptional catering experiences. While we are still in a level of COVID-19 restriction for the coming term, it has not stopped us moving our offer forward with a fresh and exciting new range of products being delivered.

**Our new Naturally range with many mouth watering vegetarian and vegan choices** - Including the V burger, falafel & houmous market wrap, vegan home bakes, and many more exciting dishes to come!

**Street Vibes: Global Street Food** – drawing inspiration from food markets and the high street, bringing in dishes and flavours from around the world, our vibrant new offer will jog those holiday memories or inspire a whole new taste adventure.

We will also be offering the old favourites, new grab and go options, and fantastic value meal deals.

### **Meal Deals – all £2.30**

- > Main Meal & Dessert
- > Pasta pot & Dessert
- > Pizza Slice & Dessert
- > Cold options meal deal shelf available

### **Summer Salad Bar**

There will be a self help salad bar just as soon as Covid restrictions allow us – Please bear with us

**We look forward to seeing you soon and hope you enjoy the upcoming holidays!**
