OUR CADETS SAY...

"I'm a Devon & Cornwall Volunteer Police Cadet. The reason I am a cadet is because I wanted to make the most of my weekends getting involved with community engagement instead of staying home all day, doing nothing. I'm also a cadet because I wanted a better understanding of modern policing and the different policing departments within the Devon & Cornwall Constabulary."

"The best thing about the Volunteer Police Cadets scheme is the skills you learn within your unit from leaders and cadets. And the friends you make along the way is also the best."

"Becoming a police cadet has improved my confidence, allowed me to meet incredible people and I'm part of an incredible unit. I enjoy volunteering, interacting with the public and learning about what the police do."

"Cadets has given me confidence and an insight to my dream job and my favourite part of cadets is working with police and helping them"

"The cadets scheme has given me the opportunity to participate in activities such as role play and crime prevention that will look really good on my CV... it has helped me grow as a person and my fellow cadets have watched me grow in confidence and learn vital skills in the 4 years I have been a cadet."
