Writing Club	Create new worlds and explore your imagination at our writing club. Whether you want to write for fun or enter competitions, you'll find all the support you need here in order to develop as a writer.
Gardening Club	No green fingers are required and you don't have to come every break. Just come along when you can to help tend the garden, grow fruit to make jellies and jams, vegetables for your 5 a day and flowers to brighten reception. There is always something to do in the garden so all help is gratefully received.
Gym & Dance	You don't need to be the next 'Strictly' contestant to come along and have fun with music and movement. Boys and girls are both welcome.
Drama Club	Drama is a great way to explore topical issues and themes whilst making friends and learning new skills. As well as having fun and discovering new aspects of theatre, the group has the chance to perform to audiences including other students, staff and parents.
Girls' Netball	As a college we compete against other schools in the area and so this is a great opportunity to refine skills and learn new strategies. You don't have to be a serious netballer to join in just have plenty of energy and enthusiasm.
Boys' Football	As a college we compete against other schools in the area and so this is a great opportunity to refine skills and learn new strategies. You don't have to be a serious footballer to join in just have plenty of energy and enthusiasm.
Choir	If you fancy yourself as the next contestant on 'The Voice' then sign up to choir. There's room for all different voices and genres of music. We just love to sing. The choir is often asked to perform at college events and concerts so every voice counts.
Yoga	School can be a stressful place at times and yoga is proven to not only relax your mind and body in the here and now but also to teach you strategies to use at home and in everyday life. So, for a bit of 'zen' come along to the weekly yoga session.
Netball Shooting	This is a targeted session to help improve accuracy in shooting: evade your opponent, take that tricky shot and win!
STEM Club	STEM club offers a hands-on and real-life approach to science, technology, engineering and maths. In the future, everything is possible.
Boys' Rugby	We work closely with Exeter Chiefs to deliver rugby sessions across different years in PE lessons. This club enables you to continue your training and develop your tactics ready to take on anything that the opposition might throw at you.
Food and Cooking	Discover your inner Jamie Oliver by experimenting with skills and recipes and take home delicious dishes and treats for tea. (A small contribution towards ingredients is required.)
Design and Make	Do you like designing and making things? Come along and get involved with some of our projects, or make something of your own. You will have access to all workshop tools and equipment including laser cutting, 3D printing, electronics, and a wide range of materials including wood/metal and plastics. (A small contribution towards materials may be required.)

Textiles Club	From concept to design and into production, textiles club gives you the chance to bring your fashion and design ideas to life. Using a range of tools and materials, you can create clothing, accessories and gifts.
Sustainability	If you care about your environment and would like to work with other like-minded people to take positive action to care for your planet then come along to the sustainability club. Our goal is to make Dawlish College and its students environmentally friendly in order to reduce our negative impact on the planet.
Monopoly Cards	This is a fast dealing, card stealing version of the board game: competitive, fun and quick!
Bench Ball	Develop ball skills and spatial awareness whilst having fun with friends. Great for rainy days as it is held inside in the gym.
Chess Club	Logical thinking, patience and killer tactics win in chess. Whether you are new to the game or a regular player come along and take on an opponent head to head.
Art Club	Everyone is welcome to channel their inner artist at this club. A range of materials and mediums will be used to bring imagination and creativity to life.
Break time Football	If you're not free for a kick about after college, come along at break time to enhance your skills and enjoy some friendly competition.
Animation Club	Get to grips with the creative side of computers at this club. Use photoshop to enhance photos, explore different types of animation and even create your own comic strip.
Garage Band	Would you like a complete music studio on your computer? Then come along to Garage Band Club to record, edit and enjoy.
Sudoku Club	One of the most popular puzzle games of all time, Sudoku will challenge your brain to find the only correct sequence of numbers to solve the 9x9 grid.
Business Club	Think Dragon's Den and The Apprentice combined. This club will test your business skills from concept and planning, to financing and marketing. Our year end goal is to produce a product that can be sold to the school and wider community to make a nice, juicy profit.
Cricket	Arguably one of the oldest sports that is played around the world, cricket is a game of variety: batting, bowling and fielding. Both boys and girls are welcome and no previous experience is required.
Hockey Club	This is a mixed group and you don't have to have any experience of playing before. Hockey sticks are provided (although you are also welcome to bring your own) but you will need a gum shield and shin pads.

It is recommended that you sign up for the clubs in *italics* to ensure you have a space but it is often possible to turn up and join in on the day.

Other clubs may be added throughout the term and we'll let you know via assemblies and tutor.

If you have a passion or an interest that is not represented here then please let your tutor know.
